

## INVITATION TO THE NEXT INERGETIX SEMINAR

Please contact **Pal Nagy** via [pnagy@euroweb.hu](mailto:pnagy@euroweb.hu) to register in advance or for more information regarding this seminar.

**Places are limited so please book now to avoid disappointment!**

Hungary's location in the centre of Europe along with its hospitable attitude makes it one of the best places from which to embark on an Eastern European journey. It is both European and distinctly Hungarian, incorporating a mixture of history and the present-day. The country proudly upholds its Magyar traditions, culture and arts, but is attentive to what is new and fashionable in the outside world.

**The seminar will take place next to Budapest in the Pilis hills.** The Pilis hills hold a special place in the collective consciousness of Hungarians as the hills have a sacred quality. Dobogóko means „pulsating rock“, and it is believed that here is the heart chakra of Mother Earth.

**Date: October 4-5, 2008**
